They Reached Astoria.—Deputy Collector J. C. McCue and Inspector C. T. Crosby returned yesterday morning to this city after several days' absence in the Tillamook country whither they went to inspect and measure the new launch Kinchloe just built at Garibaldi, by M. Petersen, to be used in the fishing business. She is 20 1-3 feet long; her width is 9 1/2 feet; and she draws 3 feet of water. While at Tillamook City they met with Inspectors Weldon and Ames, who were inspecting the steamer Annarine. They returned on their wheels and did 100 miles of hard riding while they were out, not to speak of the distance they carried the bikes en route. Everything was dry as a bone except one spot on the summit of False Tillamook, where the heavy and prevalent fogs had precipitated a heavy rain, and the soaking they got will be long remembered. There was no rain anywhere else. They enjoyed the outing immensely but were glad to get in.

The "July" Run Is On.—It is conceded by nearly all the fishermen to whom the matter is broached, that the deferred "July" run of salmon is now fairly on. The fish were very plentiful yesterday at the lower grounds, but meagre at all points up stream. It seems the fish do not penetrate very far up the river at this late day in the season, and are to be found in heavy shoals at, and just inside, the bar, and at points indigenous thereto. Two boats belonging to the McGowan cannery yesterday turned in 15 tons between them and all reports from the lower bay were encouraging in the extreme.

Nothing of Importance.—There was a meeting of the Astoria Police Commission yesterday afternoon at the office of its president, Judge Page, and only routine matters were handled. Nothing of importance was brought up and all members of the board were present. There were several things that it was expected would be broached, but they were allowed to pass until a more propitious season.

An Italian Quintette.—There were five Italians yesterday before the county clerk with their declarations of intention in the matter of citizenship, and the same were duly filed, in the following names, to wit: Stacchio Bruno, Cosimo Particino, Andrea Mercurio, Francesco Cardinale and G. Russo.

Were Duly Wedded.—At the residence of the groom, at 10 o'clock yesterday morning, Justice P. J. Goodman performed the wedding ceremony which united for life, the destinies of Mr. Louis Rosenfeld and Miss Viola Schwartz.

Meet Today.—The Scandinavian Temperance Society will meet at the Lutheran Free church this afternoon at 4:00 o'clock. God program. Election of officers.

EXAMINATIONS CLOSE FOR TEACHERS

RESULT OF THE FOUR-DAY SESSION WITH THE TWENTY-THREE APPLICANTS INTERESTED IN THE CONTEST.

Yesterday noon saw the close of the four-day session of the teachers' examining board held here since Wednesday, before Miss Emma Warren, superintendent of county schools, assisted by Prof. A. L. Clark, head of the Astoria schools, and Mrs. Gearhart, with the following roster of successes among the twenty-three applicants engaged in the contest: First Grade—Messrs. Chas. F. Willcutt, Hubert A. Townsend; Misses Inez Luce, Minnie Lewis, Laura M. Fastabend, Lillie Lewis, Mrs. Ethelyn Smith. Second Grade—Misses Lola Bell Phair, Anna A. Tohl, Rose Adeline Matson, Karen Marie Lauridsen, Emma Knutsen. Third Grade—Misses Josephine Dow, Minnie Myrtle Larson, Maret Louise Settem, Carrie Elizabeth Short. Primary Certificate—Selma E. Norberg. Misses Nellie Anderson and Beatrice L. Robinson were examined in Salem. Their papers are not all in.

Nineteen Days Yet.—The regatta committee has no time to lose in closing its contracts and perfecting its business for the season; and as fast as it does anything, this paper, and doubtless the others in the city will herald the news and make the most of it. The press committee may have been remiss, but in what is not apparent to its members; but that is neither here nor there; it will immediately do what is necessary to spread the regatta gospel to the four winds of heaven, and all other matter as soon as the main push does something. So far it has done nothing but let the grand stand privilege to Mr. Palmberg, and the contract for the program, but the program is yet to be framed up; and right here is where the big committee needs its best and quickest energies. When it gets down to business all other elements will tumble into the work good-heartedly and with snap.

They Are Dead.—The Oriano is going to change its policy. Those who do not advertise in it or in the Gazette are not going to get social notices, business notices, or any mention in the paper, unless they pay for it. They are dead men, and we are going to help bury them and see if we can't get other men here in their places.—Vale Oriano.

Receives Invitations.—Invitations have been received in this city by a number of city officials, to attend the meeting of fire chiefs of the Pacific Coast which will be held at Calgary, Alberta, Canada, from the 28th to the 31st of this month. A formal invitation was read at the last meeting of the city council from the Calgary Fire Chief, asking that Astoria send a representative to the convention in the person of the Fire Chief, but no action has yet been taken.

Continued Until Tuesday.—The cases of alleged unlawful fishing charged against J. S. Desjeiro and Frank Furia, in Justice Goldman's court, were both continued yesterday until 2 o'clock on Tuesday next. G. C. Fulton, attorney for Desjeiro filed a demurrer to the complaint in his case, and the same will undoubtedly be overruled by Judge Goodman, for want of jurisdiction in such a matter as the constitutionality of a criminal complaint.

"Make Hay While the Sun Shines."

There is a lesson in the work of the thrifty farmer. He knows that the bright sunshine may last but a day and he prepares for the showers that are liable to follow. So it should be with every household. Dysentery, diarrhoea and cholera morbus may attack some member of the home without warning. Chamberlain's Colic Cholera and Diarrhoea Remedy, which is the best known medicine for these diseases, should always be kept at hand, as immediate treatment is necessary, and delay may prove fatal. For sale by Frank Hart.

Rheumatism

When pains or irritation exist on any part of the body, the application of Ballard's Snow Liniment gives prompt relief. E. W. Sullivan, Prop. Sullivan House, El Reno, O. T., writes, June 6, 1902: "I take pleasure in recommending Ballard's Snow Liniment to all who are afflicted with rheumatism. It is the only remedy I have found that gives immediate relief." 25c 50c and \$1.00. Sold by Hart's drug store.

Word From Warrenton.—Manager E. S. Mellroy of the Old Oregon Lumber Mills Company, came up from Warrenton yesterday on a fleeting business trip, and reports the business of the concern in fine shape, with 106 men at work in the mills and an average of two millions of feet of product going out monthly. He has introduced a very pleasing innovation down there, in the shape of a mill-library for the use of the company's employes and keeps it stocked with the best of all the magazines and the new and valuable literature of the day, besides all the standard mechanical works likely to be in demand among such a crowd of workers. It is most thoroughly appreciated by those for whom it was organized.

Herbina

Renders the bile more fluid and thus helps the blood to flow; it affords prompt relief from biliousness, indigestion, sick and nervous headaches, and over-indulgence in food and drink.

G. L. Caldwell, Agt. M. K. and T. R. R., Checotah, Ind. Ter., writes, April 13, 1903: "I was sick for over two years with enlargement of the liver and spleen. The doctors did me no good, and I had given up all hope of being cured, when my druggist advised me to use Herbina. It has made me sound and well." 50c. Sold by Hart's drug store.
